PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Kenneth Bush
DOCKET NO.: 04-22694.001-R-1
PARCEL NO.: 20-30-431-013-0000

The parties of record before the Property Tax Appeal Board are Kenneth Bush, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with an 80-year old, two-story class 2-11 multi family dwelling of masonry construction containing 2,090 square feet of living area. The subject has two units, a full unfinished basement and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument the appellant submitted information on four comparable properties described as two-story masonry class 2-11 multi family dwellings that range in age from 76 to 79 years old for consideration. The comparables range in size from 2,128 to 3,056 square feet of living area and have improvement assessments ranging from $3.71 to $3.83 per square foot of living area. The subject's improvement assessment is $5.71 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story class 2-11 multi family masonry dwellings that range in age from 75 to 80 years old. Each of the multi family dwellings has two units and 2,090 square feet of living area. Three of the comparables have two-car detached garages and one has a fireplace. The comparables were located along the same street and within the same block as the subject property. These properties have improvement assessments ranging from $5.71 to $5.81 per square foot of living area. Based on this evidence,

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$	1,536
IMPR.:	$	11,941
TOTAL:	$	13,477

Subject only to the State multiplier as applicable.

the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in location, size, and features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from $5.71 to $5.81 per square foot of living area. The subject's improvement assessment of $5.71 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
