PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Miguel Gonzalez
DOCKET NO.: 05-26289.001-R-1
PARCEL NO.: 30-07-414-018

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Miguel Gonzalez, the appellant, by Attorney Rusty Payton of the Law Offices of Rusty Payton, P.C. in Chicago; and the Cook County Board of Review.

The subject property is improved with a 55-year old, one-story dwelling of frame construction containing 905 square feet of living area with a full, unfinished basement with a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties improved with a one-story or one and one-half story, frame dwelling that range in age from 50 to 78 years for consideration. These comparables range in size from 930 to 977 square feet of living area and in improvement assessments from $5.64 to $6.12 per square foot of living area. The subject's improvement assessment is $8.43 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with a one-story, frame dwelling that range in age from 53 to 59 years. The dwellings range in size from 760 to 889 square feet of living area and in improvement assessments from $8.64 to $9.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The PTAB further finds a reduction in the subject's assessment is not warranted.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$	2,000
IMPR.:	$	7,626
TOTAL:	$	9,626

Subject only to the State multiplier as applicable.

PTAB/KPP

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The PTAB finds the comparables #1 and #2 submitted by the appellant and the comparable #1 submitted by the board of review were most similar to the subject in size/exterior construction and/or age. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from $5.64 to $8.64 per square foot of living area. The subject's improvement assessment of $8.43 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
