FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Frank & Suad Tortorella
DOCKET NO.: 07-27423.001-R-1
PARCEL NO.: 09-34-214-002-0000

The parties of record before the Property Tax Appeal Board are Frank & Suad Tortorella, the appellant(s), by attorney Terrence Kennedy Jr., of Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,360
IMPR.:	$63,691
TOTAL:	$73,051

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 6,500 square foot parcel of land improved with a 61 year old, two-story, frame and masonry, single-family dwelling, with 2,723 square feet of living area, three baths, and a full unfinished basement. The appellant's argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant's submitted descriptions and assessment information on a total of three properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry or frame and masonry, single-family dwellings with two to two and a half baths, air conditioning for two properties, one fireplace for two properties, and full or partial basements. The properties are 30 to 62 years old with 2,274 to 3,210 square feet of living area and have improvement assessments from $11.86 to $19.57 per square foot of living area. Based on this evidence, the appellant's requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of $63,691 or $23.39 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame and masonry, single-family dwellings with one and a half to two full and two half baths, partial or full basements, air conditioning for two properties, and one fireplace for each property. The properties are 49 to 60 years old with 2,326 to 2,744 square feet of living area and have improvement assessments of $24.30 to $24.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant's contend unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant have not met this burden.

The parties presented a total of eight properties suggested as comparable to the subject. The PTAB finds the board of review's comparables #1, #3, and #4 most similar to the subject in size, design, construction and age. The properties are described as two-story, frame and masonry, single-family dwellings. The properties are 49 to 59 years old with 2,510 to 2,744 square feet of living area and have improvement assessments from $24.30 to $24.62 per square foot of living area. In comparison, the subject's improvement assessment of $23.39 per square foot of living area is below the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
