PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Youkhanna Isa
DOCKET NO.: 05-21635.001-R-1
PARCEL NO.: 09-15-410-006-0000

The parties of record before the Property Tax Appeal Board are Youkhanna Isa, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 38-year old, two-story, single-family dwelling of frame and masonry construction containing 1,212 square feet of living area and a partial basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration information on four comparable properties described as two-story, frame and masonry dwellings that range in age from 38 to 41 years old. The comparables range from 1,139 to 1,501 square feet of living area and have improvement assessments ranging from $8.61 to $10.51 per square foot of living area. The subject's improvement assessment is $13.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, frame and masonry, single-family dwellings. Ages are 38 years each and the dwellings range from 1,139 to 1,250 square feet of living area and the improvement assessments range from $13.86 to $14.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 2,786
IMPR.:	$ 16,752
TOTAL:	$ 19,538

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in terms of square footage of living area, construction, age, and amenities. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that range from $13.86 to $14.93 per square foot of living area. The subject's improvement assessment of $13.82 per square foot of living area and is below the range of the most similar comparables. After considering adjustments and the differences in the comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
