PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Leroy Glauner
DOCKET NO.: 05-24024.001-R-1
PARCEL NO.: 05-19-321-008-0000

The parties of record before the Property Tax Appeal Board are Leroy Glauner, the appellant, by attorney Julie Realmuto with the law firm of McCarthy & Duffy, Chicago, and the Cook County Board of Review.

The subject property is improved with a 42-year-old, one-story style dwelling of frame construction containing 1,040 square feet of living area with one full bathroom, a full-unfinished basement and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story or multi-level, frame or frame and masonry dwellings with the same neighborhood code as the subject for consideration. The comparables range in size from 1,092 to 1,280 square feet of living area and range in age from 53 to 56 years. They have improvement assessments ranging from $15.00 to $18.71 per square foot of living area. The subject's improvement assessment is $22,041 or $21.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story, 48 or 50-year-old, frame dwellings with the same classification and neighborhood codes as the subject property. The dwellings range in size from 1,020 to 1,218 square feet of living area and have improvement assessments ranging from $21.29 to $23.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 7,992
IMPR.:	$ 22,041
TOTAL:	$ 30,033

Subject only to the State multiplier as applicable.

PTAB/rfd6362

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review's comparables to be the most similar properties to the subject in improvement size, amenities, design, location and/or age. These comparables have improvement assessments ranging from $21.29 to $23.97 per square foot of living area. The subject's improvement assessment of $21.19 per square foot of living area is below this range. The appellant's comparables are accorded less weight because they differ from the subject in improvement size, design and/or location. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
