FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Vlado Lenoch
DOCKET NO.: 05-26133.001-R-1
PARCEL NO.: 18-31-105-029-0000

The parties of record before the Property Tax Appeal Board are Vlado Lenoch, the appellant(s), by attorney Edward Larkin, of Larkin & Larkin of Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 15,514
IMPR.:	$ 155,500
TOTAL:	$ 171,014

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 10-year old, two-story style dwelling of masonry construction containing 8,180 square feet of living area with a full, unfinished basement, three and one-half baths, central air conditioning, two fireplaces, and a three-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story masonry dwellings that are from ten and nineteen years old for consideration. The comparables contain from 5,429 to 5,992 square feet of living area and feature from three and one-half to five and one-half baths, full, finished or unfinished basements, central air conditioning, from one to three fireplaces, and from thee to four car garages. The comparables have improvement assessments ranging from $14.79 to $17.25 per square foot of living area. The subject's improvement assessment is $20.32 per square foot of

living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of two-story masonry dwellings that are five and eleven years old. The dwellings contain 7,454 and 7,933 square feet of living area and feature four full baths, full, finished basements, central air conditioning, two and four fireplaces and four-car garages. The comparables have improvement assessments of $19.58 and $20.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the all of the comparables submitted by the parties were similar to the subject in design, exterior construction, location and/or age. These comparables had improvement assessments that ranged from $14.79 to $20.12 per square foot of living area. The subject's improvement assessment of $20.32 per square foot of living area is above the range established the properties in the record. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

Lbs/09.
