FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Barry Koller
DOCKET NO.: 06-31319.001-R-1
PARCEL NO.: 16-15-210-040-0000

The parties of record before the Property Tax Appeal Board are Barry Koller, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 5,001
IMPR.:	$ 16,841
TOTAL:	$ 21,842

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame construction containing 2,460 square feet of living area. The dwelling is 110 years old. Features of the home include a concrete slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument, the appellant submitted information on three comparable properties that were described as two-story dwellings of frame construction. They range in age from 99 to 108 years old. The comparable dwellings range in size from 2,790 to 2,914 square feet of living area. The comparables have concrete slab foundations and one has a one-car garage. The comparables have improvement assessments ranging from $5.98 to $6.65 per square foot of living area. The subject's improvement assessment is $6.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that are between 93 and 113 years old. The

dwellings range in size from 2,196 to 2,458 square feet of living area. The comparables have concrete slab foundations and two have a one-car garage. These properties have improvement assessments ranging from $7.29 to $8.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review's comparables were most similar to the subject in size. They were also similar to the subject in design, exterior construction, age and foundation. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. The comparables had improvement assessments ranging from $7.29 to $8.11 per square foot of living area. The subject's improvement assessment of $6.85 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
