FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Charles Smith
DOCKET NO.: 06-24207.001-R-1
PARCEL NO.: 18-05-119-012-0000

The parties of record before the Property Tax Appeal Board are Charles Smith, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 8,488
IMPR.:	$ 47,757
TOTAL:	$ 56,245

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of stucco construction containing 2134 square feet of living area. The dwelling is 78 years old. Features of the home include a full, unfinished basement, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or masonry dwellings that range in age from 64 to 98 years old. The comparable dwellings range in size from 1694 to 2160 square feet of living area. Two have full, unfinished basements and fireplaces. The comparables have improvement assessments ranging from $14.89 to $20.02 per square foot of living area. The subject's improvement assessment is $22.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story stucco dwellings that range in age from 80 to 82 years old. The

dwellings range in size from 1858 to 2190 square feet of living area. Features include full, unfinished basements and one-car or two-car garages. Three have fireplaces, and one has central air conditioning. These properties have improvement assessments ranging from $22.48 to $22.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject exterior construction. The board of review's comparables also generally were similar to the subject in other property characteristics and received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from $22.48 to $22.96 per square foot of living area. The subject's improvement assessment of $22.38 per square foot of living area is lower than the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
