- qq. Drag City Real Estate Co., LLC: #10-30315-R-1 (Cook – Jefferson)

Appellant originally filed with PTAB on 8-4-11. An initial review of the appeal indicated missing information and a return sheet was mailed to Appellant on 8-17-12 with a due date of 9-16-12 (Sunday). Because this date falls on a Sunday the due date would roll over to Monday, 9-17-12. Sufficient evidence was received by PTAB from the Appellant with a FedEx ship date of 9-18-12. Appeal was dismissed on 4-17-13 because evidence was untimely, one day late. Per Motion received 4-24-13, Appellant is requesting the appeal be reinstated and evidence accepted. Attached to the request is a FedEx order form dated 9-17-12 and a monetary receipt with a 9-17-12 date and 6:35 PM time.

Per correspondence dated 4-23-13 from the Appellant, violent storms occurring the day of the hearing along with daycare problems prevented travel to the scheduled hearing. Correspondence from BOR dated 4-30-13, states the storms were forecasted in advance and an alternative date was provided for 4-17-13 but the Appellant objected.

- ss. Harold Van Kley: #10-20251-R-1 (Cook – Palos)

Appeal was set for a hearing date of 3-21-13. Appearing on behalf of the Appellant was his son. The son was denied opportunity to present case and the appeal was dismissed on 3-29-13. Son also states that he has Power of Attorney, and is heir to the subject property, and has provided Power of Attorney information to review.

- tt. Frank Pintz: #09-27066-C-2 (Cook – Northfield)

Upon original filing, Appellant submitted the incorrect appraisal. A Motion to Amend Appeal went before the Board on 11-14-12. The Board voted to grant the Appellant a 30-day extension to submit the corrected appraisal. The Appellant submitted the correct appraisal within the deadline and it was forwarded to the Intervenors and the BOR. Per correspondence received 3-11-13, Intervenor has filed a Motion to Exclude Evidence. Motion requests PTAB deny the appraisal report filed by the Appellant as untimely and proceed with the appeal based on the evidence timely filed with petition.

- uu. Bruce Roberts: #10-27643-C-1 (Cook – Palatine)

Appellant has filed a subpoena request dated 4-12-13, requesting subpoenas be issued for Cook County Board of Review Commissioner Dan Patlak, and Cook County Assessor Joseph Berrios, or their designees, to address how they arrived at their determinations of 2010 assessed and fair market values, in connection with the subject property. Taxpayer states their testimony is crucial to a fair determination by the PTAB, of fair market and assessed values. This appeal has not been set for hearing and Appellant would like subpoenas issued before a hearing date is set.

Appeal is based on recent purchase.

Exelon Generation Co., LLC's – Docket No. 09-04906-I-3 – LaSalle County

The subject property is composed of a two unit nuclear power station located in Seneca, LaSalle County. The site has 3,055 acres with a 2,058 acre cooling pond. Unit one began operation in April 1982 and unit two began operation in December 1983. The two units have a combined net generating capacity of 2,238 MWe.¹ The Station operates two Boiling Water Reactor-5 (BWR-5) units to generate power under U.S. Nuclear Regulatory Commission operating licenses that are set to expire on April 17, 2022 and December 16, 2023, respectively.

The subject property has a total assessment for tax year 2009 of \$525,108,238 which reflects a market value for the real property of \$1,583,559,922 using the 2009 three year average median level of assessments for LaSalle County of 33.16% as determined by the Illinois Department of Revenue. The valuation experts, according to the briefs filed by Exelon, conducted full valuations of all the tangible property at LaSalle Station and the parties then apply a real-property allocation percentage of 45% to the overall value figures to determine the EAV of the real property. Accordingly, the value of the tangible property at the LaSalle Station as reflected by the assessment is \$3,519,022,049.

1. MOTION TO STRIKE

The Intervening Taxing Bodies filed a Motion to Strike Written Appraisal Prepared by Martin Schmidt and to Bar Testimony of Martin Schmidt. The basis of motion is that Schmidt is not licensed to practice as a real estate appraiser in Illinois. The Intervenors assert that section 5-5 of the Real Estate Appraiser Licensing Act of 2002 (the Act) makes it unlawful to develop a real estate appraisal and practice as a real estate appraiser without a license issued under the Act. A person who violates this section of the Act is guilty of a Class A Misdemeanor for the first offense and a Class 4 felony for any subsequent offense. Additionally, a person who violates Section 5-5 of the Act shall pay a penalty to the Department of Financial and Professional Regulation of \$25,000 for each violation as determined by the Secretary of Financial and Professional Regulation. (225 ILCS 458/15-5). The intervenors cite *Thompson v. Gordon*, 221 Ill.2d 414, 429, 851 N.E.2d 1231, 1240 (2006) for the proposition that licensure is a factor to be consider in determining whether the person is qualified to appraise property in Illinois, enter into an appraisal assignment in Illinois and testify in Illinois tribunals concerning a prepared appraisal.

The intervenors also cite section 15-5(b) of the Act for the proposition that the State of Illinois has declared that practicing as an appraiser without holding a valid license is adverse to the

public welfare, constitutes a public nuisance and causes irreparable harm to the public welfare. (225 ILCS 458/15-5(d)).²

Based on these factors the Intervenor asserts the Property Tax Appeal Board should not authorize or permit an appraiser to engage in appraisal practice without a license and request Schmidt's appraisal be stricken and Schmidt be barred from providing testimony.

In response opposing the Motion, Exelon, among other arguments cites Schmidt's qualifications demonstrated by his *Curriculum Vitae* demonstrating he is one of the most qualified experts in the country to opine on the value of nuclear generating facilities. Exelon notes that Schmidt is licensed as a Certified Public Accountant and Registered Professional Engineer, is an Accredited Senior Appraiser and has over 30 years experience valuing business assets in industries such as the utility and power generation industry including nuclear power stations. Exelon also cites *Thompson* for the proposition that it is reversible error to disqualify an expert solely because the expert lacks an Illinois license. Exelon further argues there has been no ruling in the Illinois Department of Financial and Professional Regulation (IDPR) that Schmidt was required to have an Illinois real estate appraiser license in issuing a report to Exelon for use in the appeals. Exelon also asserted that Schmidt valued all the tangible assets of the LaSalle Station and did not attempt to separately value the real estate components of the plant.

Exelon further cites PTAB rule 1910.92(a) which states:

The Property Tax Appeal Board shall establish by rules an informal procedure for the determination of the correct assessment of property which is the subject of an appeal. The procedure, to the extent that the Board considers practicable, shall eliminate formal rules of pleading, practice and evidence. (Section 16-180 of the Code) Each hearing shall be conducted in a manner best calculated to conform to substantial justice.

Exelon also argues that the purpose of PTAB rule 1910.92 would be thwarted by barring the report and testimony of Schmidt.

2. MOTION FOR LEAVE TO SUPPLEMENT EVIDENCE WITH ADDITIONAL APPRAISAL

² Section 15-5(d) of the Act goes on to state in part that.

The Secretary, the Attorney General, or the State's Attorney of any county in the State may maintain an action for injunctive relief in any circuit court to enjoin any person from engaging in such practice. . . .

Exelon timely submitted an appraisal prepared by Martin A. Schmidt of KPMG estimating the fair cash value of the tangible property at the LaSalle Station was \$1,690,000,000 as of January 1, 2009. The appraisal is the subject of the Intervenor's Motion to Strike. Schmidt developed the three approaches to value, which he reconciled to arrive at the final estimate of value. Using a 45% allocation would result in the value of the real property to be \$760,500,000 and a total assessment of \$252,181,800 using the 2009 three year average median level of assessment of 33.16%. Exelon's evidence was received by the PTAB on May 2, 2011, in accordance with an extension granted by the PTAB on January 28, 2011.

Exelon has filed a Motion for Leave to Supplement the Evidence with Additional Appraisal. Attached to the motion was an appraisal prepared by Thomas C. Harmening, MAI, ASA, who is also employed by KPMG. Harmening is a State of Illinois Certified General Real Estate Appraiser. Harmening also arrived at an estimate of value for the subject property of \$1,690,000,000 as of January 1, 2009. Although he developed all three approaches to value he used the cost approach and the sales comparison (market) approach in the reconciliation and asserted the income approach was considered to have provided the least reliable indication of value and has been deemed inconclusive. The motion and new appraisal were received by the PTAB on April 3, 2013.

Exelon asserts the second appraisal is virtually identical to the appraisal report previously submitted. The second appraisal was issued by KPMG, the same firm that submitted the original report. It also asserts the second appraisal has the same final conclusion of value as the initial report. The primary change in the second appraisal is that KPMG's certifying valuation expert, Harmening, is different and is an Illinois licensed real estate appraiser. Exelon asserts that the new appraisal has been filed prior to any evidence being filed by the intervening taxing districts and acknowledged the BOR filed its evidence on May 5, 2012.

Exelon acknowledged in the Motion to Supplement that there is a separate Motion to Strike the Schmidt report. It contends that granting the Motion to Supplement would render moot the Intervenor's Motion to Strike. It contends that avoiding an unnecessary dispute over one of Exelon's expert reports is the best course of action. Exelon also asserted it would have no objection to any party taking additional time beyond its current or expired deadline to submit responsive evidence as necessary.

Both the BOR and the Intervenor's have filed objections to the Motion to Supplement. The BOR through its attorney argued that the Motion to Supplement is in contradiction to the PTAB's rules and cited rules 1910.30(k) and 1910.30(g). The Intervenor's assert that there are no PTAB rules dealing with a request to supplement evidence after the appellant has completed its submission and argued it would be highly prejudicial to the Intervenor's to allow for the substitution of appraisers at this late stage. Intervenor's assert that they have focused their case on attacking Mr.

Schmidt's credentials, his testimony and his appraisal reports, which have served as guidelines in the preparation of their evidence submittal (now due on July 1, 2013).
