FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Maria Michalik
DOCKET NO.: 06-26048.001-R-1
PARCEL NO.: 04-20-301-010-0000

The parties of record before the Property Tax Appeal Board are Maria Michalik, the appellant, by attorney Edward Larkin, of Larkin & Larkin of Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 14,234
IMPR.:	$ 52,860
TOTAL:	$ 67,094

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 3,335 square feet of living area. The dwelling is 53 years old. Features of the home include a concrete slab foundation, central air conditioning, three fireplaces and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties located in the same neighborhood as the subject and described as two-story masonry dwellings that range in age from 16 to 26 years old. The comparable dwellings range in size from 3,372 to 3,742 square feet of living area. The comparables have full, unfinished basements, central air conditioning, one or two fireplaces and a two or three-car garage. The comparables have improvement assessments of either $15.81 or $15.98 per square foot of living area. The subject's improvement assessment is $17.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame and masonry dwellings that are 25 years old. The dwellings range in size from 3,280 to 3,476 square feet of living area. The comparables have full or partial basements, one of which is finished, central air conditioning, a fireplace and a two-car garage. These properties have improvement assessments ranging from $17.42 to $18.42 per square foot of living area. The comparables have the same neighborhood code as the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant noted differences between the subject and the comparables submitted by the board of review with respect to location and age.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by both parties were superior to the subject in age and foundation. Additionally, three of the four comparables submitted by the board of review were described as "deluxe", while the subject is described as "average" condition. The Board finds all comparables had improvement assessments ranging from $15.81 to $18.42 per square foot with only one being higher than the subject's improvement assessment of $17.88 per square foot. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
