FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Robert Fletcher
DOCKET NO.: 07-25716.001-R-1
PARCEL NO.: 01-01-308-023-0000

The parties of record before the Property Tax Appeal Board are Robert Fletcher, the appellant, by attorney Julie Realmuto of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 7,221
IMPR.:	$ 77,011
TOTAL:	$ 84,232

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 3,897 square feet of living area. The dwelling is 19 years old. Features of the home include a full, unfinished basement, two fireplaces, and a three-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame, masonry, or frame and masonry dwellings that range in age from 19 to 55 years old. The comparable dwellings range in size from 4,084 to 4,747 square feet of living area. Each comparable has a basement and a fireplace, and three have central air conditioning. The appellant did not include any data concerning garages for the properties. The comparables have improvement assessments ranging from $14.06 to $15.01 per square foot of living area. The subject's improvement assessment is $19.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame, masonry, or frame and masonry dwellings that range in age from seven to forty years old. The dwellings range in size from 3,813 to 4,531 square feet of living area. Two comparables have full, finished basements, and two have unfinished basements, either full or partial. Each has one or two fireplaces and a garage, and three comparables have central air conditioning. These properties have improvement assessments ranging from $19.71 to $24.02 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Although they differed somewhat from the subject in age, the comparables numbered one and two by the board of review were the most similar to the subject in size. The Board finds that, despite differences, they were also very similar in style, exterior construction, and foundation. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of $19.71 and $21.08 per square foot of living area. The subject's improvement assessment of $19.76 per square foot of living area falls between these amounts. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
