FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Sherrie & Angelo Anemone
DOCKET NO.: 07-27231.001-R-1
PARCEL NO.: 13-26-104-001-0000

The parties of record before the Property Tax Appeal Board are Sherrie & Angelo Anemone, the appellants, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$7,836
IMPR.:	$45,844
TOTAL:	$53,680

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story multi-family dwelling of masonry construction containing 5,626 square feet of building area. The dwelling is 81 years old and features a partial, unfinished basement.

The appellants' appeal is based on unequal treatment in the assessment process. The appellants submitted information on four comparable properties described as class 2-12 masonry dwellings that range in age from 90 to 96 years old. The comparable dwellings range in size from 4,200 to 14,179 square feet of building area. The appellant did not include any data concerning basements or garages for the comparables. The comparables have improvement assessments ranging from $5.43 to $8.42 per square foot of building area. The subject's improvement assessment is $8.15 per square foot of building area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of 2-story masonry multi-family dwellings that range in age from 77 to 96

years old. The dwellings range in size from 5,192 to 5,676 square feet of building area. All comparables feature partial, unfinished basements. One comparable has central air conditioning and two have 2-car garages. These properties have improvement assessments ranging from $8.09 to $8.31 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellants contend unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellants have not met this burden.

All eight comparables submitted by both parties were class 2-12 multi-family masonry dwellings similar to the subject in age and features. However, the Board finds comparable #4 submitted by the appellants and all four comparables submitted by the board of review were most similar to the subject in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from $8.09 to $8.42 per square foot of building area. The subject's improvement assessment of $8.15 per square foot of building area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
