FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mary Oconnor
DOCKET NO.: 07-27984.001-R-1
PARCEL NO.: 03-22-409-006-0000

The parties of record before the Property Tax Appeal Board are Mary Oconnor, the appellant, by attorney Julie Realmuto of McCarthy Duffy of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 13,476
IMPR.:	$ 59,943
TOTAL:	$ 73,419

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame and masonry construction containing 3,593 square feet of living area. The dwelling is four years old. Features of the home include a full, unfinished basement, central air conditioning, a fireplace, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame, masonry, or frame and masonry dwellings that range in age from one to fifty-three years old. The comparable dwellings range in size from 2,825 to 4,078 square feet of living area. Each comparable has a fireplace and a basement, either unfinished or partial, and two have central air conditioning. The appellant did not include any data concerning garages for these properties. The comparables have improvement assessments ranging from $13.49 to $14.18 per square foot of living area. The subject's improvement assessment is $16.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of one-story frame and masonry dwellings that range in age from 20 to 39 years old. The dwellings range in size from 2,325 to 3,009 square feet of living area. Each comparable has a full, unfinished basement; central air conditioning; a fireplace; and a garage, either two-car or three-car. These properties have improvement assessments ranging from $16.94 to $21.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables numbered one, two, and four and the comparables submitted by the board of review differed significantly from the subject in age, and the appellant's comparable numbered three was considerably smaller than the subject. Although none of the comparables was sufficiently similar to the subject, the Board notes that all of the comparables submitted had improvement assessments that ranged from $13.49 to $21.04 per square foot of living area. The subject’s improvement assessment of $16.68 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
