FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Thomas Choate
DOCKET NO.: 06-31363.001-R-1
PARCEL NO.: 13-36-330-002-0000

The parties of record before the Property Tax Appeal Board are Thomas Choate, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 8,823
IMPR.:	$ 25,672
TOTAL:	$ 34,495

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame construction containing 2,198 square feet of living area. The dwelling is 116 years old, and it has two apartment units and a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame or frame and masonry multi-family dwellings that range in age from 116 to 128 years old. The appellant's comparables all have the same neighborhood and classification codes as the subject. The comparable dwellings range in size from 2,024 to 2,724 square feet of living area, and they have two or three apartment units. One building has a full, finished basement with an apartment; another has a full, unfinished basement; and two have slab foundations. Two comparables have garages. The comparables have improvement assessments ranging from $8.88 to $10.70 per square foot of living area. The subject's improvement assessment is $11.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame multi-family dwellings that range in age from 98 to 122 years old. The comparables all have the same neighborhood and classification codes as the subject. The dwellings range in size from 2,182 to 2,475 square feet of living area, and each has two apartment units. One comparable has a full, unfinished basement, and three have slab foundations. Three comparables have a garage. These properties have improvement assessments ranging from $11.68 to $13.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that the eight comparables submitted by both parties were all two-story frame or frame and masonry apartment buildings. The appellant's comparable numbered one and the comparable numbered two by the board of review were very similar to the subject in size, age, and foundation. These comparables had improvement assessments of $9.53 and $13.10 per square foot of living area. The subject's improvement assessment of $11.68 per square foot of living area is supported by these assessments. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
