4. Executive Director’s Report

Mr. Apostol presented an operation’s update and the status of the FY16 Budget. He stated negotiations with AFSCME are ongoing and does not expect a resolution before the end of April. He further stated PTAB is exhausting its supplies, postage and other administrative accounts and may run out of funds by the end of March.

Mr. Apostol reported PTAB continues to utilize 75-day staff in an effort to reduce the backlog of appeals. He reminded the Board the GOMB directed staff to prepare the FY17 budget request based on a 10% and 20% reduction from the FY16 budget appropriations request and submitted information that detailed the potential negative impact on operations if the reductions go into effect.

Mr. Apostol reminded the Board he will appear before the Senate Appropriations Committee today, March 8th at 4:00 p.m.

Mr. Apostol submitted an IT update as follows:

- Work done to normalize the PTAB2000 database with respect to the attorney, appeal information and Invervenor tables. We are now using a unique identifier for attorneys, called NID, and have removed the redundant name and address fields from the other two tables. These changes bring the database up to third normal form with respect to the three table’s relationships. Attorney updates are now much easier to perform and the database has a better structure moving forward.

- Started testing Office 2013 – we currently have it running on IT computers. Our current version of Office, Office 2007, is nearing the end of its lifecycle. Initial testing has shown that our systems, including PTAB2000, work fine with no issues.

- The BlueZone software that HR and fiscal use for access to the mainframe is being upgraded to support encryption of the data passed from the local PC to the mainframe. IT will be testing the new version soon.

- The Illinois State Library has restarted the project of storing our board decision documents on their electronic document repository. The project has been stalled for almost six years. We are required by law to store these documents on the library’s system. We are also working to get the recent agenda and minutes documents uploaded to their system as well.

Mr. Apostol reported on the status of the ALJ Survey and the potential impact on bargaining unit staff. He stated CMS would prefer to have attorneys preside over PTAB hearings. He further stated he is working with CMS HR to work out the details related to the survey.
Mr. Apostol reported on the ISBA State & Local Taxation Section Council’s visit to the Springfield office on March 7th. He stated the meeting was very positive with PTAB receiving many favorable comments on improvements in operations and systems. He again stated the focus of the meeting was to view PTAB operations, meet staff, review IT systems, new projects and to offer assistance with procedures and practices.

Mr. Apostol reported on the progress of SB 2593. He stated this Bill formally provides for the Electronic Transfer of Information in an effort to reduce costs. He again stated PTAB is currently transferring documents electronically by agreement, of all parties, with significant reductions in mailing costs.

Mr. Apostol reported there are no Governor’s Directors Cabinet meetings scheduled for March in Springfield and Chicago.

Mr. Apostol reported PTAB continues to be current with all Governor’s Office of Citizen Action inquiries and FOIA requests at this time.

Mr. Apostol reminded the Board the next meeting is scheduled for Tuesday, April 12th at 10:00 a.m., in Des Plaines.

Mr. Glorioso moved to accept the Executive Director’s Report. Mr. White seconded the Motion and it carried 5-0.
