FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Xiaolong He
DOCKET NO.: 09-26956.001-R-1
PARCEL NO.: 02-22-114-049-0000

The parties of record before the Property Tax Appeal Board are Xiaolong He, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 8,282
IMPR.:	$44,055
TOTAL:	$52,337

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 17,436 square foot parcel of land improved with an 11-year old, two-story, frame, single family dwelling containing 2,633 square feet of living area, two and a half baths, and a full unfinished basement, air conditioning and a fireplace. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame or frame and masonry, single family dwellings with two and half baths, air conditioning, one fireplace, and, basement. The properties range: in age from 37 to 54 years; in size from 2,362 to 3,208 square feet of living area; and in improvement assessments from $12.04 to $14.42 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of $44,055 or $16.73 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame or frame and masonry, single-family dwellings with one or two and a half baths, a partial or full basement with one finished, air conditioning, and fireplaces. The properties range: in age from 13 to 35 years; in size from 2,710 to 2,832 square feet of living area; and in improvement assessments from $15.85 to $17.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of eight properties suggested as comparable to the subject. The PTAB finds the board of review's comparables #2, #3, and #4 to be most similar to the subject in size, location, design, construction and age. The properties are described as two-story, frame or frame and masonry single-family dwellings. The properties range: in age from 13 to 23 years; in size from 2,710 to 2,832 square feet of living area; and in improvement assessments from $16.50 to $17.99 per square foot of living area. In comparison, the subject's improvement assessment of $16.73 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
