FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mark Sstromberg
DOCKET NO.: 07-21404.001-R-1
PARCEL NO.: 14-07-219-003-0000

The parties of record before the Property Tax Appeal Board are Mark Sstromberg, the appellant, by attorney James A. DiChristofano, of Law Offices of James A. DiChristofano in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$ 10,874
IMPR.:	$ 34,484
TOTAL:	$ 45,358

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 3,125 square feet of land improved with a 113-year old, one and one-half story, frame, multi-family dwelling with two apartments, therein. The improvement contains 1,854 square feet of living area as well as three full baths and a one and one-half car garage.

The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for four suggested comparables as well as photographs for these properties. They are improved with a two-story, multi-family dwelling of frame, masonry or frame and masonry exterior construction. They range: in age from 93 to 118 years; in improvement size from 2,112 to 2,312 square feet of living area; and in improvements assessments from $14.63 to $16.02 per square foot. In comparison, the subject's improvement assessment is $18.60 per square foot of living area. The properties also include varying amenities. Based upon this

analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was $45,358. The board of review submitted descriptive and assessment data relating to four suggested comparables located within one-quarter mile's distance from the subject. The properties are improved with a one and one-half story, frame, multi-family dwelling with two apartments, therein. They range: in age from 95 to 120 years; in improvement size from 1,458 to 1,728 square feet of living area; and in improvement assessments from $21.86 to $24.60 per square foot. The properties include similar amenities. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has not met this burden.

Upon due consideration of the evidence submitted by the parties, the Board finds that the board of review's comparables #1 through #3 are most similar to the subject in style, improvement age, size, and/or amenities. In analysis, the Board accorded most weight to these comparables, which range in improvement assessments from $21.86 to $24.11 per square foot of living area. The subject's improvement assessment at $18.60 per square foot is below the range established by these comparables.

Therefore, the Board finds that the appellant has not demonstrated that the subject is inequitably assessed and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
