**Workload Report**

Mr. Apostol presented and reviewed the October 31st Workload Report. He stated this report reflects open appeals at the beginning of the year, new appeals added during the year, appeals closed during the year and appeals pending at the end of the year. He reported ALJ staff produced 2,242 decisions in October. He further reported staff produced a total of 11,641 closed decisions in the first four months of the fiscal year. He stated PTAB produced more decisions in the first quarter of FY17 than for the entire year in FY2004, FY2005 and FY2006. He again stated, staff continues to work toward reducing the backlog of appeals and he regularly meets with staff to review current systems in an effort to streamline the decision process.

Mr. Apostol again presented graphs prepared by IT that reflect, Weekly ASI Visits, Decisions Viewed Weekly, Weekly PTAB Website Visits, Board Portfolios Viewed Weekly, Letters Viewed Weekly, Board Decisions by Month and Xerox Pages printed Monthly. He again noted taxpayers and practitioners are utilizing the website more to track the progress of appeals and to download information. He stated this continues to save significant staff time and reduced duplication expenses.

7. **Other Business**

Davis Suarez and David Egan, PTAB’s IT Staff, presented a power point presentation update and the progress of current IT projects as follows:

1. Reviewed website tracking statistics. The Appeal Status Inquiry (ASI) system statistics was displayed and a table listing the percentage increase in traffic on the ASI system by year and the benefit of relieving staff of the tedious task of answering all inquiries.
2. Reviewed the number of decisions viewed on the website; the number of board decisions created each month; traffic on the website overall and paper usage.
3. Presented a demo of the PTAB2000 showing the integration of the DocuWare scanning system.
4. Presented a demo of the DocuWare system outside of PTAB2000.
(5) Presented future steps with IT and the utilization of VoIP phones to be purchased for Des Plaines with FY2017 funds.

(6) IT developed a program to generate letters electronically instead of printing them from the PTAB2000.

(7) DocuWare scanning will start with the 2016 appeals and the move to electronic transfer of information.

The Board thanked both David Suarez and David Egan for a very thorough and informative presentation. Mr. Apostol also thanked them for moving PTAB’s IT initiatives forward.
