FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Robert Bond
DOCKET NO.: 07-23657.001-R-1
PARCEL NO.: 05-07-217-038-0000

The parties of record before the Property Tax Appeal Board are Robert Bond, the appellant, by attorney Sonja R. Johnson, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$76,393
IMPR.:	$150,650
TOTAL:	$227,043

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story dwelling of frame construction containing 6,026 square feet of living area. The dwelling is 111 years old and in average condition. Features of the home include a partial, unfinished basement, central air conditioning, 2 fireplaces and a 3-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as 2-story masonry dwellings that range in age from 84 to 99 years old. The comparable dwellings range in size from 6,130 to 6,682 square feet of living area. All comparables feature partial, unfinished basements. All comparables feature fireplaces and 2-car garages. One comparable has central air conditioning. No data was provided on the condition of the comparables. The comparables have improvement assessments ranging from $20.98 to $24.69 per square foot of living area. The subject's improvement assessment is $28.14 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on three comparable properties consisting of 2-story frame dwellings that range in age from 94 to 99 years old and are in average/renovated to deluxe condition. The dwellings range in size from 5,397 to 6,599 square feet of living area. All comparables feature full or partial basements, two of which are finished. Two have central air conditioning and two have fireplaces. All comparables feature 2, 2½ or 3-car garages. These properties have improvement assessments ranging from $26.85 to $35.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

All comparables submitted by both parties were 2-story dwellings similar to the subject in location, size and age. Although the comparables submitted by the appellant were masonry instead of frame, the Board finds all three comparables submitted by the appellant and comparable #3 submitted by the board of review were most similar to the subject in features, having unfinished basements, fireplaces and multi-car garages. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from $20.98 to $27.94 per square foot of living area. The subject's improvement assessment of $28.14 per square foot of living area is above the range established by the most similar comparables. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is not equitable and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING:

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: December 23, 2010

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board’s decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
