FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Lawrence Malyssa
DOCKET NO.: 07-28032.001-R-1 through 07-28032.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Lawrence Malyssa, the appellant(s), by attorney Katherine A. O'Dell, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
07-28032.001-R-1	24-36-112-038-0000	2,190	5,887	$8,077
07-28032.002-R-1	24-36-112-039-0000	2,190	5,887	$8,077

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of two parcels of land totaling 7,824 square feet and improved with a 17-year old, one-story, masonry, attached, single-family dwelling containing 1,872 square feet of living area, two baths, and air conditioning. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, frame, multi-family dwellings with two baths, and air conditioning for one property. The properties range: in age from 87 to 109 years; in size from 2,016 to 2,336 square feet of living area; and in improvement assessments from $6.06 to $6.29 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of $27,456 or $14.67 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted the property characteristic printout for the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The appellant presented a total of four properties suggested as comparable to the subject. The PTAB finds these comparables somewhat similar to the subject. The properties are described as two-story, frame, multi-family dwellings. The properties range: in age from 87 to 109 years; in size from 2,016 to 2,336 square feet of living area; and in improvement assessments from $6.06 to $6.29 per square foot of living area. In comparison, the subject's improvement assessment of $14.67 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
