FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Magdalena Pallasch
DOCKET NO.: 09-22657.001-R-1
PARCEL NO.: 14-16-301-007-0000

The parties of record before the Property Tax Appeal Board are Magdalena Pallasch, the appellant, by attorney George Michael Keane, Jr., of Keane and Keane in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$25,000
IMPR.:	$62,577
TOTAL:	$87,577

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry construction with 2,378 square feet of living area. The dwelling was 95 years old. Features of the home include a

full unfinished basement, a fireplace and a 1.5-car detached garage. The property has a 6,250 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $87,577. The subject property has an improvement assessment of $62,577 or $26.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on one equity comparable.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the most similar property to the subject property in the record is the comparable submitted by the board of review. This comparable is a 96 year old 1.5-story single family dwelling of 2,338 square feet of living area. It had an improvement assessment of $78,720 or $33.67 per square foot of living area. The subject's improvement assessment is $26.31 per square foot of living area. The Board gave reduced weight in its analysis to the comparable properties submitted by the appellant. Two of the comparables were two-unit dwellings which is different than the subject's single-family dwelling. In addition, all five of the comparables submitted by the appellant are significantly larger in living area than the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
