FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Edward Villadonga
DOCKET NO.: 09-24965.001-R-1
PARCEL NO.: 03-36-102-003-0000

The parties of record before the Property Tax Appeal Board are Edward Villadonga, the appellant, by attorney Joseph G. Kusper, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds ***an increase*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$4,770
IMPR.:	$24,219
TOTAL:	$28,989

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 897 square feet of living area. The dwelling was 61 years old. Features of the home include a partial

unfinished basement and a one-car detached garage. The property has a 15,900 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $26,992. The subject property has an improvement assessment of $22,222 or $24.77 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). After an analysis of the assessment data the Board finds the subject dwelling is under-assessed with respect to uniformity of assessments.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review. These comparables are the most similar when compared to the subject in size and features. These comparables had improvement assessments that ranged from $26.90 to $28.10 per square foot of living area. The subject's improvement assessment of $24.77 per square foot of living area falls below the range established by the best comparables in this record. The Board further finds that the appellant's comparables are all significantly larger in living area square footage than the subject and that their lower per square foot assessment is justified. Based on this record the Board finds an increase in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
