

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Barnes  
DOCKET NO.: 09-23414.001-R-1  
PARCEL NO.: 01-02-100-025-0000

The parties of record before the Property Tax Appeal Board are Charles Barnes, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,531  
**IMPR.:** \$60,929  
**TOTAL:** \$77,460

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction. The dwelling is approximately 45 years old and has 2,995 square feet of living area. Features of the home include a partial unfinished basement, a fireplace and a one-car garage. The property has a 220,414 square foot site and is

located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The subject dwelling's living area and features are at issue in this appeal. According to the appellant, the subject dwelling has 3,683 square feet of living area, central air conditioning, and a four-car detached garage. In support of these claims, the appellant produced the subject's 2010 property characteristic sheet from the Cook County Assessor's website. According to the board of review, the subject had received a home improvement exemption for 2009. The board of review submitted copies of the subject's 2009 property characteristic sheets, which revealed that the subject dwelling's living area was 2,995 square feet and its features did not include central air conditioning and a four-car detached garage. The Board finds that the board of review provided the best evidence for establishing the subject's living area and features for this 2009 appeal.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,600. The subject property has an improvement assessment of \$60,929 or \$20.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented information on a total of seven suggested comparables. The appellant's comparables and board of review comparable #4 had considerably more living area than the subject and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3. These comparables were most similar to the subject in living area, and they were also very similar in location, design, foundation and/or exterior construction. These comparables had improvement assessments that ranged from \$19.59 to \$21.66 per square foot of living area. The subject's improvement assessment of \$20.34 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
