

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicago Title Land Trust #1319180
DOCKET NO.: 09-27736.001-R-1
PARCEL NO.: 20-23-416-010-0000

The parties of record before the Property Tax Appeal Board are Chicago Title Land Trust #1319180, the appellant, by attorney David C. Dunkin of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,437
IMPR.: \$1,563
TOTAL: \$5,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction. The dwelling is approximately 101 years old and has 2,404 square feet of living area. Features include two apartment units, a full basement finished with an apartment and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on July 24, 2009, for a price of \$50,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,846. The subject's assessment reflects a market value of \$155,573 or \$64.71 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.9% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with no sales data. As part of its submission, the board of review disclosed that the subject property sold in June 2006 for a price of \$335,000. The board of review also submitted, without comment, the subject's deed history from the Cook County Recorder of Deeds' website. The deed history revealed that the subject's July 2009 sale may have been compulsory due to a foreclosure. Based upon this evidence, the board of review requested confirmation of the subject's assessment.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2009 for a price of \$50,000. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal

disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 16 days. In further support of the transaction, the appellant submitted copies of the settlement statement, the warranty deed and the MLS listing sheet. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review presented evidence to challenge the arm's length nature of the transaction but was not able to refute the contention that the subject's July 2009 purchase price was reflective of market value. The board of review presented a June 2006 sale price for the subject property; however, this sale date was not as proximate to the January 1, 2009 assessment date as the July 2009 sale date relied on by the appellant. Based on this record, the Board finds the subject property had a market value of \$50,000 as of January 1, 2009. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
