

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Albo  
DOCKET NO.: 10-22073.001-R-1  
PARCEL NO.: 14-30-103-044-0000

The parties of record before the Property Tax Appeal Board are Daniel Albo, the appellant, by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,875  
**IMPR.:** \$46,124  
**TOTAL:** \$57,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property has a 3,125 square foot site improved with two buildings. Improvement #1 is a 100-year-old, two-story, dwelling of frame construction, containing 2,196 square feet of

living area and featuring a full basement and five bedrooms. Improvement #2 is a 100-year-old, one-story, dwelling of frame construction, containing 666 square feet of living area and featuring a full basement and two bedrooms.

The property is located in Lake View Township, Cook County. Both improvements are classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity of improvement #1 as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables. The appellant's grid reflects a total assessment for improvement #1 of \$48,454 with an improvement assessment of \$36,579, or \$16.66 per square foot of living area. The appellant's grid also reflects a total improvement assessment of \$16,848.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,250. The subject property has an improvement assessment of \$56,375. The board of review's evidence indicates that the improvement assessment for improvement #1 is \$38,799 or \$17.67 per square foot of living area, and \$17,576 or \$26.39 per square foot of living area for improvement #2. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables for improvement #2 and no equity comparables for improvement #1.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity for improvement #1 to be appellant's comparables #1 through #3. These comparables had improvement assessments that ranged from

\$10.13 to \$15.04 per square foot of living area. Improvement #1's improvement assessment of \$17.67 per square foot of living area falls above the range established by the best comparables in this record.

The Board finds that improvement #2 is not on appeal, but that the correct improvement assessment is \$17,576.

Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that improvement #1 was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
