

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael O'Malley
DOCKET NO.: 10-32744.001-R-1
PARCEL NO.: 16-16-104-040-0000

The parties of record before the Property Tax Appeal Board are Michael O'Malley, the appellant, by attorney Daniel J. Farley of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,650
IMPR.: \$6,510
TOTAL: \$11,160

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story apartment building of masonry construction with 2,210 square feet of living area. The building is approximately 101 years old and has a full

unfinished basement. The property has a 3,100 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 11, 2008 for a price of \$108,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,766. The subject's assessment reflects a market value of \$157,660 or \$71.34 per square foot of living area, land included, when applying the level of assessments for class 2-11 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that had the same assigned neighborhood and classification codes as the subject. The comparables sold from April 2008 to December 2008 for prices that ranged from \$115,000 to \$170,000 or from \$36.67 to \$56.11 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds evidence in the record supports a reduction in the subject's assessment.

The appellant provided evidence that the subject sold in February 2008 for a price of \$108,000 or \$48.87 per square foot of living area, including land. The board also provided information on four sales that sold for prices ranging from \$36.67 to \$56.11 per square foot of living area, including land. The subject's assessment reflects a market value of \$71.34 per square foot of living area, including land, which is above the

subject's purchase price and above the range established by the board of review comparable sales. Based on the evidence contained in the record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
