

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polymenakos
DOCKET NO.: 10-34450.001-R-1
PARCEL NO.: 16-24-312-010-0000

The parties of record before the Property Tax Appeal Board are George Polymenakos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,375
IMPR.: \$12,766
TOTAL: \$17,141

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 2,059 square feet of living area. The dwelling is 104 years old. Features of the home include a full basement, finished as an apartment and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process regarding the subject's improvement. The appellant submitted limited information on six comparable properties with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$4.17 to \$4.72 per square foot of living area. The subject's improvement assessment is \$6.20 per square foot of living area.¹ Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

¹ The appellant misstated the subject's improvement assessment and per square foot assessment.

The board of review presented descriptions and assessment information on four comparable properties with varying degrees of similarity to the subject. These properties have improvement assessments ranging from \$6.61 to \$7.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features and/or age. These comparables had improvement assessments that ranged from \$6.61 to \$7.66 per square foot of living area. The subject's improvement assessment of \$6.20 per square foot of living area is below the range established by the best comparables in this record. Less weight was given the appellant's comparables based on their dissimilar size when compared to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
