

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: BLK Properties  
DOCKET NO.: 12-00542.001-R-1  
PARCEL NO.: 15-28-426-015

The parties of record before the Property Tax Appeal Board are BLK Properties, the appellant, by attorney Dennis D. Koonce, of Dennis Koonce Attorney at Law in Frankfort; and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,742**  
**IMPR.: \$8,931**  
**TOTAL: \$11,673**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 1,154 square feet of living area. The dwelling was constructed in 1932. Features of the home include

central air conditioning and a full basement. The property has a 5,544 square foot site and is located in Aurora, Aurora Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 29, 2010 for a price of \$35,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,107. The subject's assessment reflects a market value of \$63,289 or \$54.84 per square foot of living area, land included, when using the 2012 three year average median level of assessment for Kane County of 33.35% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables and one sale comparable.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October, 2010 for a price of \$35,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 17 days. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the

board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave no weight to the equity comparables submitted by the board of review as they do not address the appellant's overvaluation argument. Further the Board gave less weight to the sale comparable submitted by the board of review because the date of sale is too remote from the assessment date in question to be a credible indicator of the subject's fair market value as of January 1, 2012. Based on this record the Board finds the subject property had a market value of \$35,000 as of January 1, 2012. Since market value has been determined the 2012 three year average median level of assessment for Kane County of 33.35% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
