

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raman Singh  
DOCKET NO.: 12-03123.001-R-1  
PARCEL NO.: 04-31-311-047

The parties of record before the Property Tax Appeal Board are Raman Singh, the appellant, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,020  
**IMPR.:** \$37,960  
**TOTAL:** \$44,980

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of frame and brick exterior construction with 1,504 square feet of living area. The dwelling was constructed in 2001. Features of the townhome include a full finished basement, central air conditioning, a fireplace and an attached two-car garage. The property is located in Aurora, Winfield Township, DuPage County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on May 30, 2012 for a price of \$135,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,890. The subject's assessment reflects a market value of \$185,744 or \$123.50 per square foot of living area, land included, when using the 2012 three year average median level of assessment for DuPage County of 33.32% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May, 2012, a date five months after the assessment date at issue of January 1, 2012, for a price of \$135,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 7 days. A copy of the Multiple Listing Service data sheet reflects an original asking price of \$145,000. In further support of the transaction the appellant submitted a copy of the

Settlement Statement reiterating the purchase price and revealing the payment of brokers' commissions.

Ordinarily, property is valued based on its fair cash value (also referred to as fair market value), "meaning the amount the property would bring at a voluntary sale where the owner is ready, willing, and able to sell; the buyer is ready, willing, and able to buy; and neither is under a compulsion to do so." Illini Country Club, 263 Ill. App. 3d at 418, 635 N.E.2d at 1353; see also 35 ILCS 200/9-145(a). The Illinois Supreme Court has held that a contemporaneous sale of the subject property between parties dealing at arm's length is relevant to the question of fair market value. People ex rel. Korzen v. Belt Ry. Co. of Chicago, 37 Ill. 2d 158, 161, 226 N.E.2d 265, 267 (1967). A contemporaneous sale of property between parties dealing at arm's-length is a relevant factor in determining the correctness of an assessment and may be practically conclusive on the issue of whether an assessment is reflective of market value. Rosewell v. 2626 Lakeview Limited Partnership, 120 Ill. App. 3d 369 (1<sup>st</sup> Dist. 1983), People ex rel. Munson v. Morningside Heights, Inc., 45 Ill. 2d 338 (1970), People ex rel. Korzen v. Belt Railway Co. of Chicago, 37 Ill. 2d 158 (1967); and People ex rel. Rhodes v. Turk, 391 Ill. 424 (1945). In light of this holding, the comparable sales submitted by the board of review were given less weight.

The Property Tax Appeal Board finds the purchase price of \$135,000 is below the market value reflected by the assessment of \$185,744. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$135,000 as of January 1, 2012. Since market value has been determined the 2012 three year average median level of assessment for DuPage County of 33.32% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
