

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Rump
DOCKET NO.: 12-03134.001-R-1
PARCEL NO.: 08-08-409-024

The parties of record before the Property Tax Appeal Board are Jonathan Rump, the appellant, by attorney Dennis D. Koonce of Dennis Koonce Attorney at Law, in Frankfort, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$44,200
IMPR: \$84,080
TOTAL: \$128,280**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,670 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning and an attached

two-car garage. The property is located in Naperville, Lisle Township, DuPage County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 20, 2012 for a price of \$385,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,030. The subject's assessment reflects a market value of \$459,274 or \$172.01 per square foot of living area, land included, when using the 2012 three year average median level of assessment for DuPage County of 33.32% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review through the Lisle Township Assessor's Office submitted information on two comparable sales and three equity comparables. The three equity comparables are not responsive to the appellant's overvaluation argument and will not be further addressed on this record. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April, 2012 for a price of \$385,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 62 days. A copy of the

Multiple Listing Service data sheet depicted an original asking price of \$399,000 prior to the sale transaction. In further support of the transaction the appellant submitted a copy of the Settlement Statement reiterating the sale price and the closing date.

The Property Tax Appeal Board finds the purchase price of \$385,000 is below the market value reflected by the assessment of \$459,274. The Board further finds the board of review did not present any substantive evidence to challenge the arm's length nature of the transaction other than asserting the property was "sold by a successor of a trust" along with providing a copy of the trustees deed. The board of review also did not refute the contention that the purchase price was reflective of market value. The Board has given no weight to board of review comparable sale #2 as this dwelling was built in 2012 and sold in 2012, presumably as new construction and thus differs from the subject dwelling this was built in 1998.

Ordinarily, property is valued based on its fair cash value (also referred to as fair market value), "meaning the amount the property would bring at a voluntary sale where the owner is ready, willing, and able to sell; the buyer is ready, willing, and able to buy; and neither is under a compulsion to do so." Illini Country Club, 263 Ill. App. 3d at 418, 635 N.E.2d at 1353; see also 35 ILCS 200/9-145(a). The Illinois Supreme Court has held that a contemporaneous sale of the subject property between parties dealing at arm's length is relevant to the question of fair market value. People ex rel. Korzen v. Belt Ry. Co. of Chicago, 37 Ill. 2d 158, 161, 226 N.E.2d 265, 267 (1967). A contemporaneous sale of property between parties dealing at arm's-length is a relevant factor in determining the correctness of an assessment and may be practically conclusive on the issue of whether an assessment is reflective of market value. Rosewell v. 2626 Lakeview Limited Partnership, 120 Ill. App. 3d 369 (1st Dist. 1983), People ex rel. Munson v. Morningside Heights, Inc., 45 Ill. 2d 338 (1970), People ex rel. Korzen v. Belt Railway Co. of Chicago, 37 Ill. 2d 158 (1967); and People ex rel. Rhodes v. Turk, 391 Ill. 424 (1945). In light of this holding, the Board has given little weight to board of review comparable sale #1.

Based on this record the Board finds the subject property had a market value of \$385,000 as of January 1, 2012. Since market value has been determined the 2012 three year average median level of assessment for DuPage County of 33.32% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
