

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: Anton & Carol Engles  
DOCKET NO.: 14-01242.001-R-1  
PARCEL NO.: 07-04-201-001

The parties of record before the Property Tax Appeal Board are Anton & Carol Engles, the appellants, by attorney Herbert Holzman, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,933  
**IMPR.:** \$86,150  
**TOTAL:** \$107,083

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 2,358 square feet of living area. The dwelling was constructed in 2003. Features of the home include a full unfinished basement, central air conditioning, a fireplace, an attached garage containing 818 square feet of building area and a detached garage that contains 816 square feet of building area. The property has a 43,957 square foot site and is located in Wadsworth, Warren Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five equity comparables located in the same neighborhood and from .07 to .34 of a mile from the subject property. The comparables are improved with one-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from

1,866 to 2,836 square feet of living area and have improvement assessments ranging from \$55,017 to \$83,338 or from \$26.97 to \$34.99 per square foot of living area. The appellants requested the total assessment be reduced to \$99,983.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,083. The subject property has an improvement assessment of \$86,150 or \$36.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood and from .13 to .34 of a mile from the subject property. Two comparables were also utilized by the appellants. The comparables are improved with one-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 1,846 to 2,108 square feet of living area and have improvement assessments ranging from \$65,284 to \$81,796 or from \$34.44 to \$40.82 per square foot of living area. The board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The appellants' comparables #2 and #3 are also board of review's comparables #1 and #4. The Board gave less weight to the appellants' comparables #1 and #5 based on their partial basements when compared to the subject's full basement. The remaining comparables have varying degrees of similarity in location, age, dwelling size and features. However, none of the comparables had the additional detached garage enjoyed by the subject property. The comparables had improvement assessments ranging from \$26.97 to \$40.82 per square foot of living area. The subject's improvement assessment of \$36.54 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
