

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Coogan
DOCKET NO.: 14-03543.001-R-1
PARCEL NO.: 03-08-402-008

The parties of record before the Property Tax Appeal Board are Jason Coogan, the appellant, by attorney Richard J. Caldarazzo, of Mar Cal Law, P.C. in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,250
IMPR.: \$41,380
TOTAL: \$78,630

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a raised ranch dwelling of frame and masonry exterior construction with 1,184 square feet of living area. The dwelling was constructed in 1972. Features of the home include a partial finished basement, central air conditioning and a 624 square foot detached garage. The property has a 9,039 square foot site and is located in Itasca, Addison Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within four blocks from the subject property. The comparables are improved with a raised ranch dwelling of frame and masonry exterior construction that were constructed from 1968 to 1976. Features had varying degrees of similarity when compared to the subject. The dwellings have 1,364 and 1,378 square feet of living area and have improvement assessments ranging from \$44,510 to \$44,930

or from \$32.46 to \$32.94 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$75,943.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,630. The subject property has an improvement assessment of \$41,380 or \$34.95 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located in the same neighborhood as the subject property. The comparables are improved with a raised ranch dwelling of frame and masonry exterior construction that were constructed from 1972 to 1977. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,093 to 1,210 square feet of living area and have improvement assessments ranging from \$38,200 to \$42,810 or \$34.70 to \$35.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight assessment comparables for the Board's consideration. The Board finds these comparables are similar when compared to the subject in location, design, age, dwelling size and features. The comparables have improvement assessments ranging from \$41,010 to \$44,930 or from \$32.46 to \$35.67 per square foot of living area. The subject property has an improvement assessment of \$41,380 or \$34.95 per square foot of living area, which falls within the range established by the assessment comparables contained in the record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
