

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lazaro Nodarse
DOCKET NO.: 14-35041.001-R-1
PARCEL NO.: 10-21-218-032-0000

The parties of record before the Property Tax Appeal Board are Lazaro Nodarse, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,325
IMPR.: \$20,675
TOTAL: \$23,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,740 square feet of living area. The dwelling is 86 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,720 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on September 6, 2011 for a price of \$230,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,685. The subject's assessment reflects a market value of \$276,850 or \$101.04 per square foot of living area, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review confirmed the sale of the subject and submitted information on four comparable sales which have the same neighborhood code as the subject. The comparables were similar two-story multi-family dwellings of masonry construction that range in size from 2,434 to 2,746 square feet of living area. The dwellings range in age from 50 to 59 years old. The comparables have full basements, three of which have finished areas. The comparables sold in July or December 2013 for prices ranging from \$279,000 to \$350,000 or from \$105.61 to \$129.49 per square foot of living area, including land.

The appellant submitted rebuttal critiquing the board of review's submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2011 for a price of \$230,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 11 months. In further support of the transaction, the appellant submitted a copy of the sale contract, settlement statement, and warranty deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board further finds that although the board of review's sales occurred more proximate to the January 1, 2014 assessment date at issue, this evidence does not overcome the weight of the subject's arm's length sale transaction that occurred 15 months prior to the assessment date at issue. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
