

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Rose
DOCKET NO.: 16-03127.001-R-1
PARCEL NO.: 15-31-302-015

The parties of record before the Property Tax Appeal Board are David Rose, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$109,548
IMPR.: \$216,027
TOTAL: \$325,575

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of brick exterior construction with 4,714 square feet of living area. The dwelling was constructed in 2006. Features of the home include a full basement with a finished area, central air conditioning, a fireplace and a 782-square foot attached garage. The property has a 53,143-square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located from 3.36 to 3.48 miles from the subject property. The comparables are described as two-story single-family dwellings of wood-siding exterior construction ranging in size from 4,744 to 4,987 square feet of living area. The dwellings were constructed in 2000. Features of the comparables include basements with some finished area, central air conditioning, one or two fireplaces and attached garages with either 748 or 1,031 square feet of building area. The comparables have sites of either 23,958 or 26,572 square feet of land area. The comparables sold from April 2014 to July 2015 for prices ranging

from \$702,000 to 800,750, or from \$147.98 to \$160.57 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$298,523, representing a market value of approximately \$895,569 or \$189.98 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$325,575. The subject's assessment reflects a market value of \$981,831 or \$208.30 per square foot of living area including land, when applying the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

The board of review submitted information on four comparable sales located from 3.234 to 4.875 miles from the subject property. The comparables are improved with two-story single-family dwellings of brick or stone exterior construction that range in size from 4,696 to 4,818 square feet of living area. The dwellings were constructed from 2004 to 2007. The comparables feature basements with one comparables having a finished area, central air conditioning, two or three fireplaces and attached garages ranging in size from 752 to 1,050 square feet of building area. The comparables have sites ranging from 20,038 to 69,910 square feet of land area. The comparables sold from April 2014 to December 2016 for prices ranging from \$900,000 to \$1,085,000 or from \$186.80 to \$229.44 per square foot of living area including land. Based on this evidence, the board of review requested that the subject property's assessment be affirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven suggested sale comparables for the Board's consideration. The Board gave less weight to appellant's comparables due to their lower quality grade and substantially smaller lot size. The Board gave less weight to board of review comparable #2 based on its April 2014 sale date which is dated and thus less indicative of the market value as of the subject's January 2016 assessment date. The Board gave less weight to board of review comparable #3 due to its substantially smaller lot size when compared to the subject as well as its significant distance from the subject.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #4. The Board finds these comparables are most similar to the subject in location, site size, dwelling size, age, design and features. These comparables sold for prices of \$900,000 and \$985,000 or \$186.80 and \$209.75, respectively, per square foot of living area, including land. The subject's assessment reflects a market value of \$981,831 or \$208.30 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds that the appellant did not demonstrate by a preponderance of the

evidence that the subject was overvalued and, therefore, the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
