

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Song
DOCKET NO.: 16-03198.001-R-1
PARCEL NO.: 15-05-208-098

The parties of record before the Property Tax Appeal Board are Alex Song, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,194
IMPR.: \$69,536
TOTAL: \$105,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story townhome of brick exterior construction with 2,087 square feet of living area. The dwelling was constructed in 2006. Features of the home include central air conditioning and a 420 square foot attached garage. The property has a 1,512 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located from .07 to .20 of a mile from the subject property. The comparables are described as three-story townhomes of brick exterior construction. Each townhome contains 2,087 square feet of living area, central air conditioning and a 420 square foot garage. The dwellings were constructed from 2006 to 2013. The comparables have sites ranging in size from 1,263 to 1,289 square feet of land area. The comparables sold from March 2015 to December 2015 for prices ranging from \$295,000 to

\$307,000 or from \$141.35 to \$147.10 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$99,470 which would reflect a market value of approximately \$298,410 or \$142.99 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,730. The subject's assessment reflects a market value of \$318,848 or \$152.78 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located from .042 to .058 of a mile from the subject property. The comparables are improved with three-story townhomes of brick exterior construction that contain either 2,087 or 2,189 square feet of living area. The dwellings were constructed in 2007 or 2008. Features of the townhomes include central air conditioning and a garage that contains either 420 or 440 square feet of building area. The comparables have sites ranging in size from 1,289 to 1,712 square feet of land area. The comparables sold from January 2015 to November 2016 for prices ranging from \$320,000 to \$335,000 or from \$146.19 to \$155.73 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted nine suggested comparable sales for consideration. The Board finds all nine comparables are similar in location, site size, design, dwelling size and features. They sold from January 2015 to November 2016 for prices ranging from \$295,000 to \$335,000 or from \$141.35 to \$155.73 per square foot of living area including land. The subject's assessment reflects a market value of \$318,848 or \$152.78 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
