

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sam Gambacorta
DOCKET NO.: 19-22474.001-R-1
PARCEL NO.: 05-19-324-101-0000

The parties of record before the Property Tax Appeal Board are Sam Gambacorta, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,657
IMPR.: \$33,148
TOTAL: \$46,805

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 54-year-old, two-story, single-family dwelling of frame and masonry construction with 2,166 square feet of living area. The property has an 11,876 square foot site located in Northfield, New Trier Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and a contention of law as the bases of the appeal. In support of these arguments, the appellant submitted information on five suggested equity comparable properties. They were each improved with a two-story, single-family dwelling of frame and masonry construction. The improvements ranged in age from 59 to 61 years and in improvement assessment from \$13.61 to \$13.91 per square foot of living area. They each contained 1,378 square feet of living area. Appellant also included a copy of the board of review's written decision reflecting a total assessment for the subject property of \$46,805. Based

on its evidence submitted, appellant requests the total assessment of the subject property be reduced to \$28,930.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,805. The subject property has an improvement assessment of \$33,148, or \$15.30 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with two-story, single-family dwellings of frame and masonry construction. They ranged: in age between 49 and 51 years old; in size from 1,372 to 1,458 square feet of living area; and in assessment from \$15.51 to \$15.95 per square foot of living area. In addition, the board of review included information in its grid analysis indicating two of its comparables sold in 2016 for prices ranging from \$282,000 to \$300,000.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *all of the appellant's comparables and the board of review's comparables #2 and #4*. These comparables were most similar to the subject property in living area square footage. They had improvement assessments that ranged from \$13.61 to \$15.89 per square foot of living area. The subject's improvement assessment of \$15.30 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
