

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Josh Kantrow
DOCKET NO.: 19-23715.001-R-1
PARCEL NO.: 14-20-109-020-0000

The parties of record before the Property Tax Appeal Board are Josh Kantrow, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,332
IMPR.: \$54,567
TOTAL: \$66,899

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,349 square feet of living area. The dwelling is approximately 130 years old. Features of the home include an unfinished basement and central air conditioning. The property has a 1,927 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,472 to 1,777 square feet of living area. The dwellings range in age from 105 to 125 years old and have

basements, one of which has finished area. Two comparables each have central air conditioning, one comparable has one fireplace, and two comparables each have a one-car garage. The comparables have improvement assessments ranging from \$43,761 to \$58,197 or from \$29.47 to \$35.70 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$44,962 or \$33.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,899. The subject property has an improvement assessment of \$54,567 or \$40.45 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,261 to 1,325 square feet of living area. The dwellings are either 125 or 130 years old and have basements, two of which have finished area. Two comparables each have central air conditioning and one fireplace, and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$51,427 to \$63,787 or from \$38.96 to \$49.91 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 as well as the board of review comparables #1 and #4 due to their larger dwelling size or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in location, dwelling size, age, and have an unfinished basement, like the subject. However, these comparables differ from the subject since they lack central air conditioning and/or have a garage amenity, unlike the subject. These four comparables have improvement assessments of \$43,761 to \$55,015 or \$29.47 to \$41.52 per square foot of living area. The subject's improvement assessment of \$54,567 or \$40.45 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
