

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Vahl  
DOCKET NO.: 19-23721.001-R-1  
PARCEL NO.: 14-18-312-002-0000

The parties of record before the Property Tax Appeal Board are Brandon Vahl, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,760  
**IMPR.:** \$46,442  
**TOTAL:** \$61,202

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,398 square feet of living area. The dwelling is 115 years old, has a full unfinished basement, central air conditioning, and a two-car garage. The property has a 3,075 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,451 to 1,784 square feet of living area. The dwellings are either 118 or 120 years old. Each comparable has a basement, one of which has finished area, central air conditioning

and a two-car garage. The comparables have improvement assessments ranging from \$46,940 to \$57,549 or from \$29.50 to \$32.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$43,897 or \$31.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,202. The subject property has an improvement assessment of \$46,442 or \$33.22 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,188 to 1,556 square feet of living area. The dwellings range in age from 115 to 125 years old. Each comparable has a basement, two of which have finished area, and a two-car garage. Three comparables each have central air conditioning, and one comparable has two fireplaces. The comparables have improvement assessments ranging from \$48,941 to \$63,088 or from \$37.25 to \$41.70 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 and the board of review comparables #2 and #4 due to their larger dwelling sizes and/or finished basements when compared to the subject, which has an unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, dwelling size, age, and have unfinished basements. These three comparables have improvement assessments ranging from \$46,940 to \$56,460 or from \$32.35 to \$41.70 per square foot of living area. The subject's improvement assessment of \$46,442 or \$33.22 per square foot of living area falls below the range established by the best comparables in the record on an overall improvement assessment basis and within the range on a per-square-foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
