

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Liza McElroy
DOCKET NO.: 19-23728.001-R-1
PARCEL NO.: 14-07-110-011-0000

The parties of record before the Property Tax Appeal Board are Liza McElroy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,750
IMPR.: \$32,224
TOTAL: \$47,974

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,331 square feet of living area. The dwelling is 108 years old. Features of the home include an unfinished basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,193 to 1,749 square feet of living area. The dwellings range in age from 114 to 125 years old. Each comparable has a basement, one of which has finished area, and a 2-car garage. Two comparables each have

central air conditioning. The comparables have improvement assessments ranging from \$21,875 to \$34,617 or \$14.01 to \$19.91 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$23,386 or \$17.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,974. The subject property has an improvement assessment of \$32,224 or \$24.21 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code and block as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,097 to 1,403 square feet of living area. The dwellings are either 107 or 108 years old. Each comparable has a basement, one of which has finished area, and either a 1.5-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$30,124 to \$39,811 or from \$27.19 to \$30.65 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #4 which are less similar to the subject in dwelling size and/or have a finished basement area when compared to the subject, which has an unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 through #3. These comparables are located on the same block and are more similar to the subject in age, dwelling size, foundation type, and other features. These three comparables have improvement assessments ranging from \$37,741 to \$39,811 or from \$27.19 to \$30.65 per square foot of living area. The subject's improvement assessment of \$32,224 or \$24.21 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
