

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dream Town Realty  
DOCKET NO.: 19-23744.001-R-1  
PARCEL NO.: 14-30-106-080-0000

The parties of record before the Property Tax Appeal Board are Dream Town Realty, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,544  
**IMPR.:** \$41,838  
**TOTAL:** \$56,382

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story building of masonry exterior construction with 2,336 square feet of building area. The building is approximately 110 years old. Features include a full unfinished basement and a two-car garage. The property has a 3,030 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry or frame and masonry exterior construction ranging in size from 1,400 to 2,756 square feet of building area. The buildings range in age from 100 to 135 years old. The comparables have full unfinished basements and a two-car garage.

One comparable has central air conditioning. The comparables have improvement assessments ranging from \$22,274 to \$44,151 or from \$15.91 to \$16.05 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$37,329 or \$15.98 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,382. The subject property has an improvement assessment of \$41,838 or \$17.91 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,064 to 2,225 square feet of building area. The buildings range in age from 110 or 125 years old and have full basements. Three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$40,685 to \$44,370 or from \$19.60 to \$20.22 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #3 due to differences in their building sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 as well as the board of review comparables. These comparables are similar to the subject in location, building size, age, and foundation, except one comparable lacks a garage, unlike the subject. The comparables have improvement assessments ranging from \$39,771 to \$44,370 or from \$16.05 to \$20.22 per square foot of building area. The subject's improvement assessment of \$41,838 or \$17.91 per square foot of building area falls within the range of the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
