

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Asta
DOCKET NO.: 19-23746.001-R-1
PARCEL NO.: 14-30-409-046-0000

The parties of record before the Property Tax Appeal Board are Richard Asta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,000
IMPR.: \$46,508
TOTAL: \$67,508

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of frame exterior construction with 2,800 square feet of building area. The building is approximately 135 years old. Features include an unfinished basement and a two-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-11 buildings of frame exterior construction ranging in size from 2,604 to 3,432 square feet of building area. The buildings range in age from 120 to 130 years old. Each comparable has an unfinished basement and a two-car garage. The comparables have

improvement assessments ranging from \$40,180 to \$52,616 or from \$14.07 to \$15.43 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$41,384 or \$14.78 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,508. The subject property has an improvement assessment of \$46,508 or \$16.61 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. Two comparables are also located on the same block as the subject. The comparables are improved with class 2-11, multi-family buildings of frame exterior construction ranging in size from 2,500 to 3,072 square feet of building area. The buildings range in age from 110 to 140 years old. Each comparable has a basement, two of which are finished with apartments. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$42,975 to \$57,247 or from \$16.91 to \$21.81 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 which are less similar to the subject in building size than the other comparables in the record. The Board also gives less weight to the board of review comparables #3 and #4 that differ from the subject in age or have central air conditioning, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are more similar to the subject in location, building size, age and foundation type, except the board of review two comparables lack a garage, unlike the subject. These four comparables have improvement assessments ranging from \$40,180 to \$45,570 or from \$14.07 to \$18.08 per square foot of building area. The subject's improvement assessment of \$46,508 or \$16.61 per square foot of building area falls above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per-square-foot basis. After considering adjustments to the best comparables for differences when compared to the subject, such as lack of a garage, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
