

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Weinberg
DOCKET NO.: 19-23762.001-R-1
PARCEL NO.: 14-30-206-022-0000

The parties of record before the Property Tax Appeal Board are Donna Weinberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,500
IMPR.: \$42,470
TOTAL: \$59,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,497 square feet of living area. The dwelling is 123 years old and has a full unfinished basement. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,386 to 1,706 square feet of living area. The dwellings range in age from 115 to 130 years old. Each comparable has a full unfinished basement and a two-car garage. One comparable has a

fireplace. The comparables have improvement assessments ranging from \$39,709 to \$49,040 or from \$27.23 to \$28.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$42,470 or \$28.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,464. The subject property has an improvement assessment of \$47,964 or \$32.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03, class 2-78 or class 2-11, 1.5-story or two-story dwellings of frame or masonry exterior construction ranging in size from 1,246 to 2,815 square feet of living area. The dwellings range in age from 13 to 125 years old. Each comparable has a full basement, two of which have finished area, and a two-car garage. Two comparables each have central air conditioning and three fireplaces. The comparables have improvement assessments ranging from \$36,896 to \$116,045 or from \$29.61 to \$41.22 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables #2 through #4 due to differences in their classification codes, dwelling sizes, ages and/or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparable have the same classification code as the subject and are more similar in overall property characteristics to the subject. However, the comparables have garages, which is not a feature of the subject, suggesting a downward adjustment to these comparables would be necessary to make them more equivalent to the subject. These four comparables have improvement assessments ranging from \$39,709 to \$47,405 or from \$27.23 to \$32.30 per square foot of living area. The subject's improvement assessment of \$47,964 or \$32.04 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, such as the garage amenities, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
