

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Thewis  
DOCKET NO.: 19-23766.001-R-1  
PARCEL NO.: 14-19-126-017-0000

The parties of record before the Property Tax Appeal Board are Albert Thewis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,344  
**IMPR.:** \$42,611  
**TOTAL:** \$61,955

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, multi-family building of frame and masonry exterior construction with 2,550 square feet of building area. The building is approximately 105 years old. Features of the building include a full unfinished basement and a two-car garage. The property has a 3,720 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,076 to 3,468 square feet of building area. The buildings range in age from

110 to 125 years old. The comparables have full basements, two of which have finished recreation room or apartment, and a two-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$31,988 to \$52,875 or from \$14.30 to \$15.41 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$37,944 or \$14.88 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,955. The subject property has an improvement assessment of \$42,611 or \$16.71 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, multi-family buildings of frame and masonry exterior construction ranging in size from 2,172 to 2,652 square feet of building area. The buildings range in age from 105 to 110 years old. The comparables have full basements, two of which have finished apartment, and a two-car garage. One comparable has central air conditioning, and three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$39,118 to \$52,961 or from \$17.91 to \$19.97 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 as well as the board of review's comparables #2 and #4 due to differences in their building size and/or finished basement area when compared to the subject, which has an unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in age, building size, and have a full unfinished basement, like the subject. These three comparables have improvement assessments ranging from \$37,432 to \$45,993 or from \$14.58 to \$18.01 per square foot of building area. The subject's improvement assessment of \$42,611 or \$16.71 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
