

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicago Title Land Trust T/U/T/A DTD 4/7/15 Trust #8002367758
DOCKET NO.: 19-25205.001-R-1
PARCEL NO.: 05-06-404-073-0000

The parties of record before the Property Tax Appeal Board are Chicago Title Land Trust T/U/T/A DTD 4/7/15 Trust # 8002367758, the appellant, by attorney David R. Bass of Field and Goldberg, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 83,033
IMPR.: \$ 74,497
TOTAL: \$157,530

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, masonry dwelling with 3,386 square feet of living area. The dwelling is 53 years old. The property has a 30,753 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance. The appellant indicated that the subject property is not owner-occupied.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted information on three equity comparables. The comparables ranged in improvement assessment per square foot from \$20.65 to \$21.94.

In support of the overvaluation argument, the appellant submitted sales data for four suggested comparables. The comparables ranged: in sale date from May 2019 to August 2019; in sale price

from \$715,000 to \$1,037,500; and in sale price per square foot, including land, from \$217.41 to \$378.44.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$184,570. The subject property has an improvement assessment of \$101,537, or \$29.99 per square foot of living area. The subject's assessment reflects a market value of \$1,845,700, or \$545.10 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables ranging in improvement assessment per square foot from \$30.52 to \$36.14. No sale comparables were submitted in support of the market value argument.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's sale comparables #1, #2 and #4. These comparables sold for prices ranging from \$219.80 to \$378.44 per square foot of living area, including land, however, the suggested comparables had 53-70% less land square footage than the subject property. Additionally, several of the sales had an "as is" component in their sale based on the MLS listing sheets submitted by the appellant. The subject's assessment reflects a market value of \$545.10 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. After making adjustments to these sale comparables based on their similarities and differences to the subject property, the Board finds that the subject had a fair market value of \$1,575,250, or \$465.22 per square foot, including land. This value leads to an improvement assessment per square foot of \$22.00 psf which is comparable to the appellant's equity comparables, and specifically appellant's equity comparable #3, which is very comparable based on land square footage, square footage of living area, location, age and design. Based on the evidence submitted, the Board finds a reduction in the subject's assessment is justified and the subject is now equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
