

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glenn Winokur
DOCKET NO.: 19-26220.001-R-1
PARCEL NO.: 05-27-316-008-0000

The parties of record before the Property Tax Appeal Board are Glenn Winokur, the appellant(s), by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 22,320
IMPR.: \$ 88,939
TOTAL: \$111,259

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year after receiving a decision from the Cook County Board of Review. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, frame dwelling with 3,205 square feet of living area. The dwelling is 118 years old and is situated on a 9,300 square foot parcel of land. It is located in New Trier Township, Cook County and is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The appellant stated the subject property is owner-occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables. The suggested comparables range in improvement assessment per square foot of living area from \$14.33 to \$30.05 psf. Based on this evidence, the appellant requested an assessment reduction.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$111,259. The subject property has an improvement assessment of \$88,939, or \$27.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. They ranged in improvement assessment per square foot from \$28.92 to \$31.90 psf. The sale of the subject in August 2017 for \$1,125,000 was also reflected on the grid sheet. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The appellant submitted written rebuttal that distinguished the board of review's comparables from the subject property and argued that the assessment violated the principle of uniformity in assessment. Additionally, five new equity comparables were submitted on rebuttal.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the appellant's five additional comparables submitted on rebuttal were given no weight by the Board pursuant to Section 1910.66 (c), which states:

Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. A party to the appeal shall be precluded from submitting its own case in chief in the guise of rebuttal evidence. (86 Ill.Adm.Code 1910.66(c)).

The Board finds the best evidence of assessment equity to be the board of review's comparable(s) #2 through #4. These comparables are most similar to the subject property based on a combination of location, size, construction, age and design. They had improvement assessments that ranged from \$30.22 to \$31.84 per square foot of living area. The subject's assessment of \$27.75 per square foot of living area falls below the range established by the best comparables contained in this record. Accordingly, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
