

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jae Sul
DOCKET NO.: 19-29716.001-R-1
PARCEL NO.: 01-27-406-017-0000

The parties of record before the Property Tax Appeal Board are Jae Sul, the appellant(s), by attorney Glenn Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,904
IMPR.: \$63,251
TOTAL: \$74,155

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, single-family dwelling of masonry construction with 4,862 square feet of living area. Features of the home include two and one-half baths, a full unfinished basement, a three-car garage, and air conditioning. The subject is classified as in deluxe condition. The dwelling was constructed in 1982. The property has a 54,524 square foot site and is located in South Barrington, Barrington Township, Cook County.

The appellant only contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables. The appellant also submitted four sale comparables. The appellant requested the subject's total assessment be reduced to \$65,699.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,155. The subject has a total improvement assessment of \$63,251 or \$13.01 per square foot of living area. In support of the assessment, the board of review submitted three equity comparables and sale data for comparable #2.

In rebuttal, the appellant's attorney states the board of review's comparables are inferior to the appellant's evidence and should not be given any weight. The appellant stated that the subject was listed for sale for \$649,000 in August 2019. In support, the appellant submitted the listing sheet for the subject. The Official Rules of the Property Tax Appeal Board prohibit the submission of new evidence as rebuttal and, therefore, the listing sheet cannot be considered by the PTAB. 86 Ill.Admin.Code 1910.66.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #6 and the board of review's comparable #1 and #2. These comparables are similar in age, construction, amenities, and location. These comparables had improvement assessments that ranged from \$11.05 to \$14.18 per square foot of living area. The subject's improvement assessment of \$13.01 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant submitted sale data regarding equity comparables #1, #2, #5, and #6. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's sale comparables #2 and #6 and the board of review's comparable #2. These similar comparables sold for prices ranging from \$106.80 to \$173.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$152.52 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
