

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Ignatius
DOCKET NO.: 19-35038.001-R-1
PARCEL NO.: 15-29-211-055-0000

The parties of record before the Property Tax Appeal Board are Frank Ignatius, the appellant, by attorney Spiro G. Zarkos, of Verros Berkshire, P.C. in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,270
IMPR.: \$14,368
TOTAL: \$18,638

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, dwelling of masonry exterior construction with 1,126 square feet of living area. The dwelling is approximately 62 years old. Features include an unfinished basement, a fireplace, and 2-car garage. The property has a 7,764 square foot site and is located in Westchester, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and within 1.1 miles of the subject. The comparables are improved with class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,235 to 1,603 square feet of living area. The dwellings range in age from 60 to 66 years old. Each comparables has a basement, three of

which have finished area, and a 2-car garage. Three comparables each have central air conditioning, and two comparables each have a fireplace. The comparables have improvement assessments ranging from \$14,143 to \$16,553 or from \$10.33 to \$11.45 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$12,048 or \$10.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,638. The subject property has an improvement assessment of \$14,368 or \$12.76 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code and the same block as the subject. The comparables are improved with class 2-03, one-story dwellings of masonry exterior construction ranging in size from 1,110 to 1,183 square feet of living area. The dwellings are either 62 or 63 years old. Each comparable has a basement, two of which have finished area, and a 1.5-car or a 2-car garage. One comparable has central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments ranging from \$17,023 to \$18,457 or from \$14.39 to \$16.63 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #2 and #3 due to differences in dwelling size and/or basement finish when compared to the subject which has an unfinished basement area.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #4. These comparables are identical or nearly identical to the subject in both dwelling size and age, and also similar to the subject in other features. These two comparables have improvement assessments of \$17,901 and \$18,071 or \$16.04 and \$16.05 per square foot of living area, respectively. The subject's improvement assessment of \$14,368 or \$12.76 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
