

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Audiel Montes De Oca
DOCKET NO.: 19-42025.001-R-1
PARCEL NO.: 13-12-425-003-0000

The parties of record before the Property Tax Appeal Board are Audiel Montes De Oca, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,208
IMPR.: \$41,830
TOTAL: \$50,038

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of masonry exterior construction with 2,432 square feet of building area. The building is approximately 97 years old and has an unfinished basement. The property has a 3,420 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,750 to 2,880 square feet of building area. The buildings range in age from 24 to 106 years old and have unfinished basements. One comparable has central air conditioning, and

three comparables have either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$29,049 to \$36,875 or from \$10.56 to \$12.88 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$29,768 or \$12.24 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,038. The subject property has an improvement assessment of \$41,830 or \$17.20 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story, class 2-11, multi-family buildings of masonry exterior construction ranging in size from 1,918 to 2,398 square feet of building area. The buildings range in age from 94 to 103 years old. Each comparable has an unfinished basement and either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$34,976 to \$57,809 or from \$18.24 to \$25.35 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted eight equity comparables for the Board's consideration, six of which have a garage which is not a feature of the subject. The Board gives less weight to the appellant's comparables and the board of review comparable #4 which are less similar to the subject in age and/or building size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 through #3. These comparables are similar to the subject in location, building size, age, foundation, and other amenities, except three comparables have garages, unlike the subject. These comparables have improvement assessments ranging from \$42,908 to \$57,809 or from \$18.48 to \$25.35 per square foot of building area. The subject's improvement assessment of \$41,830 or \$17.20 per square foot of building area falls below the range established by the best comparables in this record, which is logical as the subject lacks a garage. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
