

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dean Svigos
DOCKET NO.: 19-42764.001-R-1
PARCEL NO.: 13-35-401-049-0000

The parties of record before the Property Tax Appeal Board are Dean Svigos, the appellant, by attorney Spiro G. Zarkos, of Verros Berkshire, P.C. in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,885
IMPR.: \$32,390
TOTAL: \$34,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of masonry exterior construction with 1,945 square feet of living area. The townhome is approximately 13 years old. Features of the home include a finished basement, central air conditioning, and a 2-car garage. The property has a 1,300 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and from 2.7 to 7.1 miles of the subject. The comparables are improved with class 2-95 townhomes of masonry exterior construction ranging in size from 1,942 to 2,126 square feet of living area. The dwellings are

from 13 to 28 years old. Three comparables each have a concrete slab foundation, and one comparable has an unfinished basement. Each comparable has central air conditioning and either a 1-car or a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$27,206 to \$29,935 or from \$12.80 to \$15.41 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,541 or \$14.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,275. The subject property has an improvement assessment of \$32,390 or \$16.65 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code, block and street address as the subject. The comparables are improved with class 2-95, two-story townhomes of masonry exterior construction with 1,945 square feet of living area. The comparables are each 13 years old and have a finished basement, central air conditioning, and a two-car garage. The comparables have improvement assessments of \$32,390 or \$16.65 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located more than 2.5 miles away from the subject and have varying differences to the subject in age, dwelling size, foundation type and/or other features.

The Board finds the best evidence of assessment equity to be board of review comparables which are located on the same block and street address as the subject and are identical to the subject property in almost every aspect. The subject's improvement assessment of \$32,390 or \$16.65 per square foot of living area is the same as the improvement assessments of the four best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
