

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris McCann
DOCKET NO.: 19-44898.001-R-1
PARCEL NO.: 13-22-223-010-0000

The parties of record before the Property Tax Appeal Board are Chris McCann, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,840
IMPR.: \$51,409
TOTAL: \$65,249

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,368 square feet of living area. The dwelling is approximately 115 years old, has an unfinished basement, and a 1.5-car detached garage. The property has an 8,650 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and are each 1.1 miles from the subject. The comparables are improved with class 2-06 dwellings of stucco exterior construction ranging in size from 2,318 to 2,734 square feet of living area. The dwellings range in age from 105 to 115 years old and have basements, three of which have finished area. Three comparables

each have central air conditioning, and two comparables each have a fireplace and a 1.5 or a 2-car garage. The comparables have improvement assessments ranging from \$34,700 to \$47,435 or from \$13.92 to \$18.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$40,303 or \$17.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,249. The subject property has an improvement assessment of \$51,409 or \$21.71 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and within .25 of a mile from the subject. The comparables are improved with class 2-05 or 2-06, two story dwellings of stucco exterior construction ranging in size from 1,928 to 2,513 square feet of living area. The dwellings range in age from 102 to 106 years old and have unfinished basements. Two comparables each have central air conditioning, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$46,961 to \$58,942 or from \$21.61 to \$30.57 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 which are less proximate in location to the subject and/or lack a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's remaining comparables which are overall more similar in location, age, unfinished basement, and most features, but the subject is somewhat larger in dwelling size than the comparables. These three comparables have improvement assessments ranging from \$46,961 to \$58,942 or from \$23.40 to \$30.57 per square foot of living area. The subject's improvement assessment of \$51,409 or \$21.71 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below on a per-square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
